Effects of assisted outpatient treatment and health care services on psychotic symptoms

Andres R. Schneeberger, Christian G. Huber, Undine E. Lang, Kristina H. Muenzenmaier, Dorothy Castille, Matthias Jaeger, Azizi Seixas, Julia Sowislo, Bruce G. Link

PII: S0277-9536(17)30006-0
DOI: 10.1016/j.socscimed.2017.01.007
Reference: SSM 10996

To appear in: Social Science & Medicine

Received Date: 25 March 2016
Revised Date: 14 December 2016
Accepted Date: 4 January 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
Effects of Assisted Outpatient Treatment and Health Care Services on Psychotic Symptoms

Authors’ contributions:
BGL, KHM and DC designed the study. ARS and CGH wrote the initial draft of the paper. ARS, CGH, UEL, AS, JS, and MJ analyzed and interpreted the data. All authors have contributed to, read and approved the final version of the manuscript. ARS had full access to all the data in the study and takes responsibility for the integrity of the data and the accuracy of the data analysis.

Conflict of Interest Statement
All authors report no conflict of interest

Role of funding source:
The study was financed by the New York State Office of Mental Health. The authors declare that, except for income received from their primary employer, no financial support or compensation has been received from any additional source.

Ethics committee approval:
