This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sector and subsector structures for different stock markets.

The leverage effect in Taiwan and Hongkong stock markets.

The anti-leverage and leverage effects in mainland China in two different periods.

The power-law behavior in recurrence interval distributions.
