This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Highlights

- Solving the two-stage fixed-charge transportation problem
- Extend well-known results of the fixed-charge transportation problem
- A metaheuristic in which the solution of transshipment problems is embedded in an evolutionary algorithm
- Experiments display the valuable contribution of the algorithm
