To appear in: Cognitive and Behavioral Practice

Received date: 22 July 2014
Accepted date: 24 April 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
Enhancing Stress Management Coping Skills Using Induced Affect and Collaborative Daily Assessment

Jessica A. Chen, Amanda K. Gilmore, Nicole L. Wilson, Ronald E. Smith, Kevin Quinn, A. Paige Peterson, Eliot Fearey, Yuichi Shoda, University of Washington

Development of the Internet-based daily diary assessment described in this article was supported by NIMH Grant MH39349. Manuscript preparation was supported in part by a grant from the National Institute on Alcohol Abuse and Alcoholism (F31AA020134).

The authors have no real or potential conflicts of interest to disclose.
