This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- We analyze a continuum of hybrid cooperation agreements.
- We distinguish between revenue and cost sharing.
- Revenue sharing agreements can be anticompetitive.
- Cost sharing agreements typically yield efficiency gains.
- A positive effect of airline cooperation on traffic is empirically observed.
