

## Accepted Manuscript

Removal efficiency and economic cost comparison of hydrated electron-mediated reductive pathways for treatment of bromate

Shah Nawaz, Noor S. Shah, Javed Ali Khan, Murtaza Sayed, Ala'a H. Al-Muhtaseb, Henrik Rasmus Andersen, Nawshad Muhammad, Behzad Murtaza, Hasan M. Khan

PII: S1385-8947(17)30348-0  
DOI: <http://dx.doi.org/10.1016/j.cej.2017.03.011>  
Reference: CEJ 16607

To appear in: *Chemical Engineering Journal*

Received Date: 6 December 2016  
Revised Date: 3 February 2017  
Accepted Date: 5 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
