This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- We model competition between firms in both discount and full-fare markets.
- We allow each firm to make cross-functional pricing and capacity allocation decisions.
- We endogenize consumer switching behavior upon a sellout in the full-fare market.
- We consider the strategic decision of whether to launch early sales.
