Author note. This research was supported by a Social Sciences and Humanities Research Council of Canada Standard Research Grant awarded to the third and fourth authors. A Michael Smith Foundation for Health Research Career Investigator award partially supported the work of the last author. A Canadian Institutes of Health Research (CIHR) Banting Postdoctoral fellowship partially supported the work of the second author. Portions of these data were presented in posters and symposia at meetings of the Association for Behavioral and Cognitive Therapies and the International Society for the Improvement and Teaching of Dialectical Behavior Therapy in 2010, 2014, and 2015. Portions of the diagnostic data on a subsample derived from the present study were published in *Psychiatry Research* in 2015.

Submitted 2/3/2016; Resubmitted 8/18/2016; Revised per editorial feedback 11/05/2016 and 12/21/2016
