Acknowledgements

This project was supported by a PhD studentship from the School of Psychology, Cardiff University (to R. Adams). FV is supported by a starting grant from the European Research Council (ERC) under the European Union's Seventh Framework Programme (FP7/2007-2013)/ERC Grant Agreement No. 312445. R. Adams was principally responsible for all parts of the paper. N. Lawrence, F. Verbruggen and C. Chambers made substantial contributions to all parts of the paper. C. Chambers was senior author and oversaw the project.
