This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The Impact of Cumulative Minority Stress on Cognitive Behavioral Treatment With
Gender Minority Individuals: Case Study and Clinical Recommendations**

Nicholas S. Perry, Shannon D. Chaplo, and Katherine J. W. Baucom, *University of Utah*

We are very grateful to the client who graciously allowed us to describe what we learned from them during their experience in treatment. The authors would also like to acknowledge the staff of the University of Utah's counseling center.

Disclosure of interests and funding source: The authors declare no conflicts of interest related to the research, authorship, and/or publication of this article. The authors received no financial support for the research, authorship, and/or publication of this article.

Address correspondence to Nicholas Perry, Department of Psychology, University of Utah, Room 502, Salt Lake City, UT, 84112; Nicholas.perry@psych.utah.edu
