The observed and perceived neighborhood environment and physical activity among urban-dwelling adults: The moderating role of depressive symptoms

Stephanie L. Orstad, Meghan H. McDonough, David B. Klenosky, Marifran Mattson, Philip J. Troped

PII: S0277-9536(17)30458-6

DOI: [10.1016/j.socscimed.2017.07.026](https://doi.org/10.1016/j.socscimed.2017.07.026)

Reference: SSM 11336

To appear in: *Social Science & Medicine*

Received Date: 2 November 2016

Revised Date: 18 July 2017

Accepted Date: 28 July 2017

Please cite this article as: Orstad, S.L., McDonough, M.H., Klenosky, D.B., Mattson, M., Troped, P.J., The observed and perceived neighborhood environment and physical activity among urban-dwelling adults: The moderating role of depressive symptoms, *Social Science & Medicine* (2017), doi: 10.1016/j.socscimed.2017.07.026.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
