This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Highlights**

- Comprehensive corporate failure prediction models for the EU energy sector.
- Development of multicriteria models with ordinal and nominal data.
- Energy-related data are important for failure risk analysis in the energy sector.
