This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Enacted Abortion Stigma in the United States

Acknowledgments: I received helpful comments from Abigail Aiken, Margaret Frye, Amanda Geller and Amal Harrati. Two anonymous reviewers gave exceptionally valuable comments on three versions of this article. The data collection was supported by the National Science Foundation's Doctoral Dissertation Improvement Grant, the Ford Foundation's Face Value Fellowship. At UC Berkeley, the data collection was supported by the Department of Demography the Institute for Governmental Studies and the Institute of Business and Economics Research. I received support while collecting the data from the National Science Foundation Graduate Research Fellowship and T32-HD007275 from the Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) awarded to the University of California at Berkeley. While doing some of the analyses, the Robert Wood Johnson Health and Society Scholars program supported me.
