This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- Cluster analysis of articles based on intra-day sales pattern.
- Exploiting of article clusters and organizational structure for demand forecasting.
- DSS for ordering fast-moving substitutable perishable goods.
- Evaluation based on real data of an industrialized bakery.
