This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Marketing in the material construction of artifacts:
a case study of a navigation systems company**

Pedro X Mendonça

School of Business Communication-EFAP, Portugal

Pedro Xavier Mendonça has a degree in Philosophy, from the University of Coimbra, a master's degree in Communication, Culture and Information Technologies, from ISCTE-IUL, and a PhD in Social Sciences-General Sociology, from the University of Lisbon. During his PhD, he was a visiting fellow at the University of Lancaster in the Department of Sociology. His interests mainly focus on the social studies of technology, with particular emphasis on communication. He has studied phenomena such as advertising, the effect of marketing on the construction of technology, the relationship between different professional groups in the technological development, innovation, rhetoric and material semiotics.

José L Garcia

Social Sciences Institute, University of Lisbon, Portugal

José Luís Garcia received his Ph.D in Social Sciences (2004) from the Universidade de Lisboa, as well as both a Master (1996) and a B.A (1991) in Sociology from ISCTE-Instituto Universitário de Lisboa. He also attended PhD studies in Sociology (2000-2003) at London School of Economics and Political Science (England). Since 1998, he is a research fellow with tenure at Instituto de Ciências Sociais, Universidade de Lisboa (ICS-UL). His research interests focus mainly on social, communicative, ecological, ethical, and political implications derived from convergence processes between contemporary economy and the technological-scientific field.

Manuel Fernández-Esquinas

Spanish Council for Scientific Research, Institute for Advanced Social Studies, Spain

Manuel Fernández-Esquinas is a Research Scientist at the Institute for Advanced Social Studies (IESA), an official centre of the Spanish National Research Council (CSIC). He holds a PhD in Sociology and Political Sciences from the Complutense University of
