Acknowledgments

Financial support: This research was supported by the São Paulo Research Foundation (FAPESP- grant number 2014/26954-3). PPM received a master's scholarship from the Coordination for the Improvement of Higher Education Personnel (CAPES) and from the São Paulo Research Foundation (FAPESP- grant number 2014/26737-2). CAPES and FAPESP had no role in the design, analysis or writing of this article.

Conflict of Interests: None.

Authorship: PPM and RBL formulated the research question, designed and carried out the study, as well as conducted the data analyses and wrote the article. RMC, DSC and FMS supervised the analyses, as well as giving feedback on the writing. All authors have also read and approved the final version of the manuscript.

Ethical Standards Disclosure: Ethical approval was not required.
