Acknowledgements:

This paper is a product of the “Legislating and Implementing Welfare Policy Reforms” research project funded by the Economic and Social Research Council (ESRC) and Department for International Development (DfID) in the United Kingdom. The Health Economics and HIV/AIDS Research Division (HEARD) at the University of Kwa-Zulu Natal also contributed to funding this research. The author would like to acknowledge the contribution of Jeremy Seekings and Nicoli Natrass as well as the anonymous reviewers who provided valuable comments on this paper. Many thanks go to the healthcare professionals and patients who participated in this research.
