This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- A need exists for quantitative approaches to counter human trafficking.
- Reviews human trafficking from an operations research and analytics perspective.
- Illustrates modeling challenges for quantitative approaches to counter trafficking.
- Identifies opportunities for operations research and analytics in human trafficking.
- New ways to direct limited resources to more efficiently counter human trafficking.
