Acknowledgments

The authors would like to thank Neelam Patel (IMS Health) for guidance about the data and Pieter Dylst (EGA) for useful comments. Data were provided by IMS Health. The study was funded by the European Generic and Biosimilar Medicines Association (EGA). Péter Elek was supported by the János Bolyai Research Scholarship of the Hungarian Academy of Sciences.

Conflict of Interest

The writing of this manuscript was supported by EGA. However, authors summarized their independent professional opinion and take full responsibility for potential errors in the manuscript.
